

Table 1: As you may know, Bitcoin is a new online digital currency that is not connected to any particular country's currency system and is not controlled by any government. Do you think the government should allow people to use Bitcoins to purchase goods and services, or not?

|            | % of Respondents |
|------------|------------------|
| Favor      | 0.37             |
| Oppose     | 0.48             |
| Don't know | 0.13             |
| Refused    | 0.01             |
